

## **St Luke's CE Primary School – British Values Statement**

### **Statement of Intent**

At St Luke's C.E Primary School we are committed to providing a caring, friendly and safe environment for all of our pupils so they can learn in a relaxed and secure atmosphere. We believe every pupil should be able to participate in all school activities in an enjoyable and safe environment and be protected from harm. This is the responsibility of every adult employed by or invited to deliver services at St Luke's C.E Primary School. We recognise our responsibility to safeguard and promote the welfare of all our pupils by protecting them from physical, sexual or emotional abuse, neglect and bullying.

At St Luke's C.E Primary school we fully recognise our responsibilities for child protection. We believe staff have an important and unique role to play in child protection.

We believe:

- Schools can contribute to the prevention of abuse.
- All children have the right to be protected from harm.
- Children need support which matches their individual needs including those who may have experienced abuse.

### **British Values Statement**

The Department for Education has introduced a statutory duty for schools to promote British Values more actively from September 2014, and to ensure they are taught in schools.

St Luke's CofE Primary School is committed to serving its community. It recognises the multi-cultural, multi-faith and ever changing nature of the United Kingdom. It also understands the vital role it has in ensuring that groups or individuals within the school are not subjected to intimidation or radicalisation by those wishing to unduly, or illegally, influence them.

It follows equal opportunities guidance which guarantees that there will be no discrimination against any individual or group, regardless of faith, ethnicity, gender, sexuality, political or financial status, or similar. St Luke's CofE Primary School is dedicated to preparing students for their adult life beyond the formal, examined curriculum and ensuring that it promotes and reinforces British Values to all its students.

The government set out its definition of British Values in the 2011 Prevent Strategy.

The five key British Values are:

- Democracy
- The rule of law
- Individual liberty
- Mutual respect
- Tolerance of those of different faiths and beliefs

St Luke's CofE Primary School uses strategies within the national curriculum and beyond to secure such outcomes for students. The examples that follow show some of the many ways St Luke's CofE Primary School seeks to instil British Values.

At St Luke's CofE Primary School we teach an education based on values, all of which are linked to those listed above. We value the backgrounds of all our pupils and families and we undertake a variety of events and lessons to celebrate these. We have found this approach to be enriching for everyone as it teaches tolerance and respect for the differences in our community and the wider world. Underpinning

all this, are a range of curriculum topics which have strong links to the British Empire. In following the RE curriculum all pupils will learn in detail about key faiths and through this learning they will be taught to show respect for those faiths. Through History pupils are taught about significant periods in British History.

### **Democracy**

Democracy plays a key role within day to day life of our school. Pupils have the opportunity to have their voices heard through our proactive school. At St Luke's Primary School, our Head Boy and Girl and their deputies are voted into post by all the children in school. The election process is explained in detail, candidates write their manifesto and present to the children and the vote day takes the format of an election. Prospective school council candidates also write a manifesto, outlining their views and what they would do if they were elected as a member of the school council. The 'vote returns', are done as a whole school, in assembly.

Individual pupils also have the opportunity to put themselves forward for roles and responsibilities such as the worship monitors, furniture monitors, school librarian or to be a playground buddy. Through the Literacy curriculum, children are taught the skill of debating and voting, based on arguments put forward. Through teaching in PSHCE and the creative curriculum children are taught about freedom of speech and the how individual's voice can make a positive difference to the lives of others. They will study key figures that are good examples of this.

### **The Rule of Law**

The importance of laws, whether they are those that govern the class, the school or the country, are reinforced during the school day, as well as when dealing with behaviour and through school assemblies. Pupils are taught the value and reasons behind laws, that they govern and protect us, the responsibilities that this involves and the consequences when laws are broken.

All children in school sign a Pupil e-Safety Acceptable Usage Pledge. Visits from community authority figures such as the PCSO, Fire Service etc. are regular features on our yearly calendar and help reinforce this message. We have adopted a restorative approach to pupil behaviour, in which children are taught how to accept responsibility for their actions.

### **Individual Liberty**

Within school, pupils are actively encouraged to make choices, knowing that they are in a safe and supportive environment. As a school we educate and provide boundaries for young pupils to make choices safely, through the provision of a safe environment and empowering education. Pupils are encouraged to know, understand and exercise their rights and personal freedoms as well teaching them that how they act can impact positively and negatively on others. They are advised how to exercise these freedoms safely, for example through our e-Safety and PSHE lessons. Whether it is through choice of challenge, how they record work or participate in our numerous extra-curricular clubs and opportunities, pupils are given the freedom to make choices.

### **Mutual Respect**

Respect for each other, for our school and to others in our community is an integral part of our school ethos and Behaviour Policy. Pupils see staff model this by treating each other with respect and courtesy and we promote this in the way our children interact with each other in their classes and during social times. Photographs and key messages around the school promote respect for others and this is reiterated through our classroom and learning rules, as well as our Behaviour Policy. Mutual respect and fair play is also discussed within sports based activities.

We encourage children to celebrate our multi-cultural setting and teach about the unfairness of discrimination based on someone's faith, culture or beliefs.

### **Tolerance of Those of Different Faiths and Beliefs**

This is achieved through enhancing pupils understanding of their place in a culturally diverse society and by giving them opportunities to experience such diversity. Opportunities to share and discuss this message occur through assemblies and discussions involving prejudices and prejudice-based bullying have been promoted through RE and PSHE, Circle Time, as well as taking opportunities to tackle this during every day school life. Children listen to faith stories from other religions and have opportunities to discuss these. Members of different faiths or religions are encouraged to share their knowledge to enhance learning within classes and the school and our pupils have the opportunity to visit different places of worship.
