

# Action Plan

## Topic 1

<b>Eco-Schools Topic</b>	Energy Cut your carbon
<b>Aim</b>  Write a short explanation of what you hope to achieve.	To make pupils and their families more aware of the impact they have on the planet.  To encourage families and children to take part in the simple challenges that can enable them to make a difference.  A whole school project that will encourage discussion and awareness of how small changes can make a big difference.
<b>Action(s)</b>  Add actions you are going to take/projects you will deliver to achieve your aim. Include delivery dates to set yourself a timeline.	November is Cut your carbon month  Assembly delivered to the whole school.  Social media posts highlighting the challenge.  Sheets sent home with every child.  Competition for children to document how they have joined the cut your carbon challenge. Share these on social media and with class.
<b>Informing &amp; Involving</b>  Explain how you are going to advertise your activities and involve your school community in them.	Whole school assembly  Social media posts  Eco school meetings to encourage implementation and discussions in class.  Sharing outcomes
<b>Monitoring &amp; Evaluation</b>  Consider how you will monitor the impacts of your projects and evaluate their success.

## Topic 2

Eco-Schools Topic	Global Citizenship, Biodiversity
Aim	For every child to plant a plant/ tree. To plant tree- at home or school. Take part in Just One Tree day- (official day 18 <sup>th</sup> October- can be completed any day during year.)
Action(s)	Every child to plant a seed and watch it grow. Collect Acorns and conkers and allow children to plant them- leave over winter and they will hopefully sprout. Children to bring in a donation to take a plant home- money going to Just one Tree who plant a tree for every £1 raised. Plants to be planted on school field to increase biodiversity.
Informing & Involving	Social media Every child in the school to plant a seed. Photos to be shared on school social media- to help raise awareness of what children are doing in school and environmental issues.
Monitoring & Evaluation

## Topic 3

Eco-Schools Topic	Global Citizenship, Waste
Aim	To set up a free community library to initially share and recycle books.
Action(s)	To provide a community reading library, where families and individuals can borrow, swap and share books, magazines and other items. For children to learn about the importance of helping others and learning about the importance to recycle things we no longer need or want. To take pride in helping others. Through discussions in class and school assemblies.
Informing & Involving	Step 1: Obtain a suitable storage area. Step 2: Share idea with parent through newsletter, letters home and social media post. Step 3: Advertise to local community that there is a shares community library at school that they can use to swap and share books...
